### PROJECTS

🐙 [Axolotl Engine Master's project](#)  
**In-house Engine** (2023)

🐙 [Deep-Shop C# Development](#)  
**Project** (2024)

🐙 [ChironDX In-house Engine](#)  
(On-Going)

🐙 [Gescov WebServer Java-SpringBoot](#)  
**Backend** (2021)

🐙 [Gescov App Android Studio Mobile](#)  
**App** (2021)

### TECHNICAL SKILLS

React

AWS

Spring  
Boot

MySQL

Docker

Kotlin

C++

Git

### SOFT SKILLS

Dynamic worker

Quick learner

Critical thinker

Problem solver

Adaptable and flexible person

Reliable team member, with a strong  
work ethic

### LANGUAGES

**Spanish** Native

**Catalan** Native

**English** Professional working proficiency

### PROFILE

I'm a full-stack developer currently working on web applications, with experience designing, building, and maintaining production-ready systems. I've worked across the stack, developing user-facing interfaces, backend logic, and application infrastructure, always with a strong focus on clean code, maintainability, and performance. I enjoy building well-structured applications, understanding how every layer fits together, and delivering solutions that are both robust and easy to evolve over time.

### WORK EXPERIENCE

#### Full-Stack Programmer

Desico

April 2025-Now

- Full stack developer, developing web and cloud applications for first parties.
- Developing and deploying in AWS.
- Working with Nuxt for front-end development, combined with Java and Spring Boot for back-end systems.
- Working with a multidisciplinary team.

#### Full-Stack Programmer

Horizons Games

March 2023-November 2024

- Working on features using C++.
- Developing a corporate application using Angular and Java.
- Profiling and debugging.
- Developing features in the rendering system with multiple shaders for varied rendering purposes.

#### Full-Stack Software Developer

IThink UPC

February 2022-February 2023

- Full stack developer, developing web applications for third parties.
- Working with Angular for front-end development, combined with Java and Spring Boot for back-end systems.
- Working with a multidisciplinary team.
- Utilizing the Scrum methodology with Jira to manage projects.
- Ability to effectively communicate with customers.
- Working with the implementation of various programming patterns.

### EDUCATION

#### Master in Advanced Programming

Universitat Politècnica de Catalunya - UPC BarcelonaTech - Talent School 2022 - 2023

#### Degree in Computer Science

Universitat Politècnica de Catalunya - UPC BarcelonaTech 2017 - 2022

### HOBBIES

I spend my spare time reading papers about new technologies and methodologies, and improving my programming skills in various languages like C++ and Java or frameworks like React. Additionally, I set aside time to practice sports.
